

- This 1988 "Amendment" is really a supplement ^{or addendum} to the Feb 25, 1983 Full Permit, which is the latest (current) version of the Full permit.
- It is confusing to call this an "Amendment" (as the Corps did), when the full document (2-25-83) is also called an "Amendment".

Dear Mr. Dickinson:

Enclosed, in triplicate, for review and acceptance on behalf of the National Aeronautics and Space Administration (NASA) is Amendment of 15 July 1988 to Department of the Air Force Permit No. DA-44-110-ENG-4299.

The amendment covers the installation of NASA's new communications cable across Langley Air Force Base.

If the amendment is acceptable, please have it acknowledged on behalf of NASA and return all copies to this office. A fully executed copy will be provided for record purposes.

Sincerely,

Denise C. Huffstuckler

**DEPARTMENT OF THE AIR FORCE
AMENDMENT OF 15 JULY 1988
TO
NATIONAL AERONAUTICS AND SPACE ADMINISTRATION PERMIT
CONTRACT NO. DA-44-110-ENG-4299
LANGLEY AIR FORCE BASE, VIRGINIA**

WHEREAS, by permit dated 2 March 1939, the Secretary of War granted to the National Advisory Committee for Aeronautics the right to use and occupy certain portions of Langley Field, Virginia, for the purpose of constructing, using, operating and maintaining thereon, buildings, structures and utilities necessary in scientific research and experiments in the problems of flight; and

WHEREAS, the Secretary of War has evolved into the Secretary of the Army, the National Advisory Committee for Aeronautics has evolved into the National Aeronautics and Space Administration (NASA) and Langley Field has evolved into Langley Air Force Base; and

WHEREAS, from time-to-time the permit has been amended with many pages, documents and drawings resulting in a voluminous instrument; and

WHEREAS, by amendment dated 3 January 1983, the permitted areas, rights, provisions and conditions of the permit were completely restated for the purpose of clarification; and

WHEREAS, NASA now has a requirement to install a computerized branch exchange telephone system and to terminate use of the present voice and low speed data system; and

WHEREAS, said updating of the communication system is agreeable to the Department of the Air Force.

NOW THEREFORE, Permit No. DA-44-110-ENG-4299, dated 2 March 1939, as amended, is further amended as follows:

a. NASA shall install a new underground telecommunications system across Langley Air Force Base, consisting of fiber and copper cables, and as shown on NASA Drawing No. LD-740138 attached hereto as Exhibit "A".

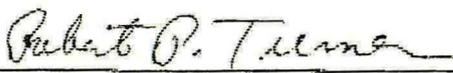

b. The original underground communication cable identified as a part of Allotment No. 13 of Permit No. DA-44-110-ENG-4299 shall be abandoned in place.

c. That the construction, operation and maintenance of said utilities shall be accomplished without cost to the Department of the Air Force under the general supervision and subject to the approval of said officer.

d. That upon revocation or relinquishment of this permit, the National Aeronautics and Space Administration shall, within such reasonable time as the Secretary of the Air Force may indicate, remove its property from the reservation and restore the premises hereby authorized to be used and occupied to a condition satisfactory to the said officer.

e. That any damage to the Department of the Air Force property or interference with facilities on said reservation caused by the installation, operation and maintenance of said communication system on the reservation shall be immediately repaired or corrected by the permittee to the satisfaction of the said officer at no cost to the Air Force.

IN WITNESS WHEREOF, in execution of this amendment of 15 July 1988 to Permit No DA-44-110-ENG-4299, I have hereunto set my hand by authority of the Secretary of the Army this 16th day of August, 1988.

ROBERT P. TURNER
Chief, Real Estate Division

ACCEPTANCE:

The terms and provisions of this amendment dated 15 July 1988 are accepted this 5 day of August, 1988.
