May 30, 1972

Hon. Commissioner of Patents  
Washington, DC 20231

Sir:

The undersigned is the inventor of an invention entitled "AIRFOIL SHAPE FOR FLIGHT AT SUBSONIC SPEEDS", NASA Case No. LAR 10585-1. The National Aeronautics and Space Administration has made a Rights Determination with respect to this case requiring all rights, title and interest in the invention to be in the Government. It is requested that a review of the agency determination on this invention be made by the Patent Office for compliance with the provisions of Executive Order 10096.

The inventor is withholding assignment of the invention to the Government until such compliance is received.

Richard T. Whitcomb

Enclosure  
LAR Case No. LAR 10585-1 File
MEMORANDUM

TO: 456/Patent Counsel
FROM: 359/Aero-Space Technologist, 8-Foot Tunnels Branch, HSAD

SUBJECT: Rights Determination

It is requested that a rights determination be made under Executive Order 1096 for the NASA patent application entitled "Airfoil Shape for Flight at Subsonic Speeds," NASA case LAR10585-1.
